

The Chartered Surveyors' Institution

Patron: HIS MAJESTY THE KING

SUPPLEMENTARY LIST OF MEMBERS 1941

LONDON :
12, GREAT GEORGE STREET, WESTMINSTER, S.W.1.
Telephone : Whitehall 5322.

Introduction

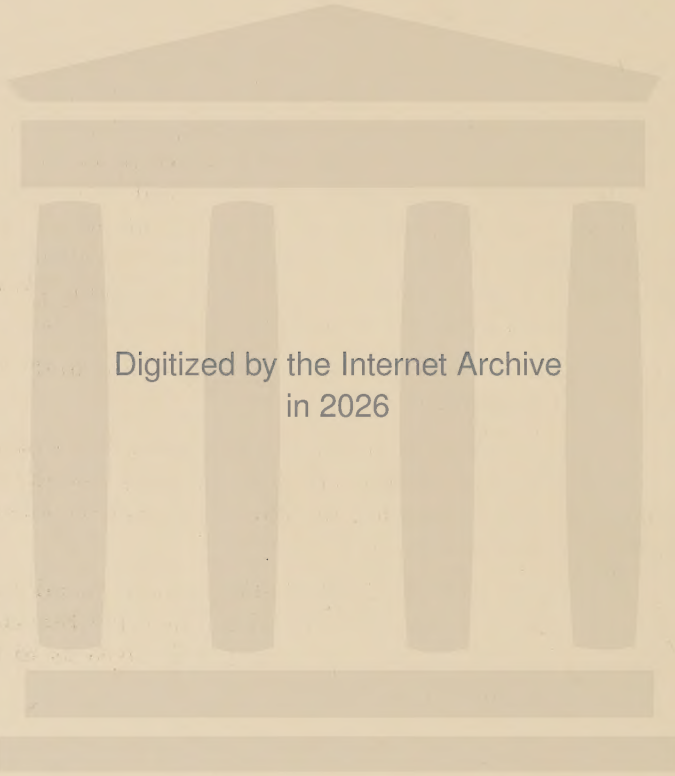

Members have already been notified through the *Journal* that a full list of Members would not be published in 1941. The Council reached that decision solely for reasons of war-time economy, and in order to save paper.

It is important, however, that the list of those who became members or ceased to be members or were transferred from one class of membership to another during 1940 should be made known in convenient form. This List is a record of the new enrolments, elections, transfers from Professional Associateship to Fellowship and reinstatements to membership which have taken place since the List of Members for 1940 was published. It also shows the list of those who, by reason of death or other cause, have ceased to be members during the same period.

The List should be read, therefore, as a Supplement to the full List of Members published in 1940.

The columns, reading from left to right, show the Diploma Numbers (in the case of corporate members only), the date of enrolment, election or transfer, the full names, and the address of all the members concerned.

For the purpose of Branch organisation, certain counties are divided. It will be found, therefore, that where the Branch is not obvious from the address, an indication is given as to the area in which the address is situated.
